

THE CAROLINIAN.

VO XXII.

RALEIGH, NORTH CAROLINA THURSDAY, MAY 12, 1904.

NO. 19.

PORT ARTHUR IS BLOCKED

Japanese Get the Best of the Fight
On All Sides

THE LAST DESPERATE ATTACK

Admiral Togo's Report of Tuesday's Operations—The Blockading Flotilla Was Scattered by a Gale.

Tokio, By Cable.—Vice Admiral Togo's official report of the latest engagement off Port Arthur, which was received here Sunday, shows that the Japanese have blocked the entrance to the harbor.

On Tuesday morning after the blockading flotilla had been scattered by a gale and the commander of the flotilla had signalled in vain that the attempt be abandoned pending the moderation of the storm, the crews of the separate vessels, in no wise daunted by the weather which isolated them from their companions, proceeded to the work on their own desperate initiative. They forced their way in the face of the Russian fire, which was more deadly than ever before, as a result of the improved Russian defenses, over the field of mines. Many of them exploded, yet five of the Japanese blockading ships were jammed into the channel and now present, egress from the harbor to all craft excepting small boats. This attack exceeded all its predecessors in desperation and the courage displayed by the volunteer crews is equal to that shown in any event in the war history of the world.

Although Vice Admiral Togo again avoided damage to a single one of his vessels, the attack proved to be expensive in lives. Commander Hayaishi, who was in command of the expedition, observed the impossibility of keeping the flotilla intact, owing to the heavy seas, and signalled to abandon the attack.

These signals were repeated until 2 or 3 o'clock in the morning, but they failed to reach the vessels of the expedition, which were swept apart by the tempestuous sea and proceeded separately to the mouth of the harbor.

Driven From New Chwang.

New Chwang, By Cable.—There is every indication that the Russians have decided to evacuate New Chwang. Troops have been leaving here all day long. Forts have been dismantled and all artillery has been placed on board trains. All the local transportation has been commandeered by the Russian authorities. There is current here a native rumor that Japanese troops are in Fou Chou Bay on the west side of the Liau Tung peninsula, and about sixty miles north of Port Arthur, but this report lacks confirmation.

The fear is held here that if the Russians leave and the Japanese do not at once take possession of New Chwang, the brigands, who are now across the river near Yin Kou, will pillage the place. The foreign residents are prepared to resist the brigands should they come over. The British consul has requested that a gunboat be sent to New Chwang. The Russians probably will destroy the gunboat should they before leaving. The vessel is at New Chwang.

Japanese troops fired on what was probably the last train out of Port Arthur as it passed near Port Adams.

Serious Fire Raging.

Williamsport, Pa., Special.—A telephone message from Connersport, Potter county, to The Gazette and the States, states that fire of unknown origin is raging in the Bartow Glass Works, manufacturers of decorated glass tableware, and that the plant is practically destroyed. The loss will be from \$50,000 to \$75,000, but the insurance is not known. One hundred hands are thrown out of employment.

Two Lynchings.

Montgomery, Special.—Two lynchings have occurred in Alabama within the past 30 days, one for alleged criminal assault, and the other for an alleged assassination of a white man by a negro. Acting Governor Cunningham Friday took decided action to have the lynchings investigated and the guilty punished. He addressed letters to Circuit Judges W. S. Anderson and T. Scott Sayre, calling their attention to the lynchings and urging them to hold special terms of their respective courts to bring the lynchings to justice. He gave an interview in which he said: "I believe that prompt effort to bring lynchings to justice will not only make the law a terror to criminals, but also to those who disregard it by substituting lynchings for courts of justice."

A Triple Hanging.

Winchester, Tenn., Special.—Henry Judge, Joe Delp and John Evans were hanged here for the murder of Simon Bucher and his wife last August. The three men exhibited the same indifference and stolidity that marked their conduct during the trials and walked without assistance to the scaffold. Each of them made a speech expressing regret. All said that they were leaving their wives and children. None of them made reference to the deed for which they paid the penalty.

They used artillery and small arms, and killed or wounded several Chinese.

It is reported here that Viceroy Alexieff was slightly wounded prior to his departure from Port Arthur. He barely escaped from there before the Japanese closed the lines of communication.

The Russian general staff have moved from Liao Yang to Mukden. Russians here will not talk of the situation, for fear that they will impart some information. They do not consider that their forces here are sufficient to hold this section of the country.

It is probable that the Russian troops will withdraw to Harbin.

The Russian civilians at New Chwang are leaving hurriedly, and many natives are fleeing the city in fear that they will be subjected to maltreatment at the hands of the brigands.

More Bad News for Russia.

Two official dispatches calculated to increase the depression existing among all circles in Russia were given out Sunday night. From the point of view of the progress of the campaign, the most important is that regarding the capture by the Japanese without opposition of Feng Wang Cheng, on May 6th. The second gives details concerning the killed, wounded and missing among the troops under the command of Lieutenant General Zassalitch, as the result of the fighting on the Yalu, the number of which totals 2,397 officers and men.

Gen. Kuropatkin forwarded a message from Lieutenant General Zassalitch, who had been left in command of the column retreating from Feng Wang Cheng, which described the movements of the enemy in connection with the occupation of the town.

The information caused no surprise to the officials who had already been advised of the decision that no attempt would be made to hold Feng Wang Cheng, the superiority of the Japanese in all fighting arms ensuring a disaster similar to that at Kiu Lien Cheng. Therefore, Gen. Zassalitch was given strict orders that there should be no fight of the rear guard. The Russians left while Gen. Kuropatkin was making his dispositions for a big battle.

More Casualties.

Tokio, By Cable.—The casualties in the last attempt of the Japanese fleet to block Port Arthur, which took place on May 3, are one officer, Commander Takayangi, commanding the steamer Yedo Maru, and six men killed, four men seriously and five officers and 11 men slightly wounded. Fourteen officers and 74 men are missing and eight officers and 36 men were rescued uninjured. All the officers of the blockading ships, including Commander Takayangi, who was killed, have been decorated and granted annuities by the Emperor.

The Forty-Million Warrant.

Washington, Special.—The Treasury warrant for \$40,000,000 to be delivered to J. P. Morgan & Co., of New York, on account of the Panama Canal purchase, was taken to that city by Secretary of the Treasury Shaw. It will be delivered by the Secretary to Morgan & Co. Thursday. The Secretary also took with him certain bonds which have been deposited with the government as security for public monies, which are to be returned to the banks surrendering their deposits.

Mr. J. H. Edwards, private secretary to Secretary Shaw, accompanied him to New York.

By Wire and Cable.

A subcommittee of the Republican National Committee met in Washington and made arrangements for the meeting of the convention in Chicago next month.

It is thought the increase in the electoral vote will have an important bearing on the result of the Presidential election this year.

It is probable ex-Secretary of War Root will preside as temporary chairman of the Republican National Convention.

Attorney-General Knox makes an official explanation of the connection of Morgan & Co. with the payment for the Panama canal property.

The trial of James N. Tyner and Harrison J. Barrett on charges of conspiracy in connection with the Post-office Department cases was continued.

Judge Waddell appointed A. B. Dickinson and Benham Morris receivers of the Blackstone and Southern Railway.

John B. Jackson, United States Minister to Greece, Roumania and Serbia, will soon present his credentials to King Peter, at Belgrade.

Ada Lee, colored, with a pistol fired at Mary Robinson in a Newport News suburban police court.

The Lexington Presbytery is in session at Elkins, W. Va.

Republicans are to nominate a full municipal ticket in Norfolk, with John L. Roper for Mayor.

S. G. Ford, a carnival showman, was fined \$100 in Norfolk for beating a small boy.

A large Parker club was formed in Richmond.

A hurricane killed 100 natives in Cebu China.

NEWS THROUGHOUT THE COUNTRY

Short items of News Gathered From All Points.

Through the South.

Norfolk bakers are on strike, and a bread famine is threatened.

Norfolk & Western Railroad directors propose a \$35,000,000 bond issue.

A wealthy Paterson (N. J.) man attacked the night watchman at the Chamberlain Hotel, Old Point.

William Cuffee, a Norfolk negro, committed suicide by throwing himself in front of a moving engine.

Judge John H. Reagan wrote a letter to Hon. W. J. Bryan advising him to work for harmony in the Democratic party.

Fred A. Beach, who is wanted in Chicago on a charge of embezzlement of \$12,000, surrendered himself to the chief of police at Port Worth, Texas. He said that he was tired of dodging officers.

Richmond, Va., Special.—Henry Woodward, the negro convicted in February of the murder of Frank Tabor, a white man, at Pocahontas, December 26th, last, was hanged at Taxewell Friday.

Washington Happenings.

Because of protests from manufacturers, the War Department will not immediately sell some of its rifles to Cuba.

President Roosevelt has directed the reappointment of D. D. Cram, collector of the port at Charleston, S. C., and Senator Allison gave notice that action will be forced when Congress reconvenes.

Thomas V. Dawson of Iowa, has been appointed Minister to Santo Domingo.

The bill for the government of the Panama Canal zone was signed by the President.

The big Chesapeake and Ohio grain elevators at Newport News are to close on May 15.

Considerable feeling exists at the Navy Department among the partisans for and against the general staff plan.

German-Americans from six States and the District of Columbia organized in Washington the National Roosevelt League, for the purpose of aiding in the election of President Roosevelt.

In an authorized statement John Sharp Williams declares he favors Judge A. B. Parker for the Presidential nomination.

In the North.

The cruiser California was launched at San Francisco.

Stewart Edward White, the novelist, was married to Miss Elizabeth B. Grant at Newport.

Mr. Charles J. Bonaparte addressed the National Municipal League, Chicago, on "Partisanship in Municipal Politics."

Swindlers in Chicago secured diamonds by telephoning to jewelers as if from residences of wealthy citizens.

Police declare that Chicago swindlers secured a large amount of money by offering positions at the St. Louis World's Fair.

R. C. Ogden was re-elected President of the Southern Educational Conference at Birmingham.

Gen. D. B. Henderson, former Speaker of the United States House of Representatives, said he intended to leave New York and go back to Iowa to live.

It was stated by a friend of Hon. W. J. Bryan, in Kansas City, Mo., that Mr. Bryan wanted Judge A. B. Parker to take second place on the ticket in 1908.

Foreign Affairs.

Emperor William of Germany arrived at Karlsruhe.

It was reported that a Russian column was 20 miles from and marching on Gensan.

Russian torpedo boats of the Vladivostok squadron sank a Japanese transport, the Kinsui-Maru, of 4,000 tons, 187 being saved and 200 who refused to surrender were sent to the bottom with the ship.

Colonel Duerr returned from South-west Africa, and reported the Germans there in sad plight.

King Edward and Queen Alexandra aided in the laying of a cornerstone in Dublin.

Japan announced its agreement to The Hague convention.

A general attack on the Russian position along the Yalu river was begun by the Japanese yesterday and the Russians retreated after being outfanked.

Serious fighting between the Armenian insurgents and the Turkish troops has taken place in Asia Minor and 12 villages have been destroyed.

Emperor William opened the new railway bridge across the Rhine at Mainz.

The annual banquet of the Royal Academy was held in London.

Pan Antona Dvorak, the composer, is dead.

Miscellaneous Doings.

Providence, R. I., was visited by a \$600,000 fire.

Eighteen Assyrians in Pittsburgh were arrested and charged with intimidating fellow-countrymen and extortion in the name of a secret society called the "Flower of Benevolence."

Judge Sherman, of Boston, has just given one of the briefest of charges to the jury in a damage suit against a street railway. "Well, gentlemen," he said, "you have heard the evidence. If you believe the plaintiff's story, he has a case; if you don't believe it he has no case, is not entitled to recover, and you may return a verdict for the defendant." The jury returned a verdict for the defendant company.

John Wallenberg, a farmer, killed his wife, her parents and sister, and being pursued by a posse took poison near Walliant, I. T.

LABOR WORLD.

There were fewer May day strikes in New England than usual.

Cigar makers of Boston have started a co-operative cigar factory.

The Italian laborers' union with 312 charter members has been started in Boston.

Joseph F. Smith, a union cigar maker, has been nominated for mayor of Kansas City, Mo.

The Western Flint Glass Workers' Union and the employers provides for a minimum wage of thirty-one cents an hour and a forty-four hour week.

The latest report of the British Amalgamated Society of Painters shows an aggregate expenditure of \$11,000,000, and only one-eighth of this amount was expended for strikes.

It has been calculated that the loss from illness averages 20,000,000 weeks of work in a year, or two and a half per cent. of the work done by the whole population between fifteen and sixty-five years of age.

NEWSPAPER CLEANINGS.

Speaker Cannon was reported as displeased with his growing boom for the second place on the ticket.

The Board of Church Extension of the Methodist Church South has set apart \$105,150 for building work this year.

A Grand Jury at Asheville, N. C., failed to indict two men charged with selling an illegal petrifid man for \$500.

The Nebraska Supreme Court has ruled that breweries cannot take out saloon licenses except in their own name.

Naval men in Washington contended that Senator Hale was wrong in his assertion that big battleships were a failure.

Mr. Kruger, former President of the Transvaal, is reported to be suffering from brain trouble and to be extremely weak.

Dr. Morion, of the Post Graduate Hospital, New York City, discovered a new X-ray lens tending to aid surgical diagnosis.

The Swedish National Arts Association of Illinois has asked for an authoritative decision as to who designed the first monitor.

Ex-President Cleveland in a lecture to Princeton students declared he did not transcend his duty or authority by ordering out the federal troops during the Debtor's strike in Chicago.

Deputy Excise Commissioner H. W. Mitchell for the Brooklyn district reports the receipts for liquor tax certificates for the coming year at \$3,140,430, \$123,000 in excess of those for last year.

Alexander McKenzie, a professional boxer of New York City, has invented a device for the protection of the third rail. The Interborough Company has offered a prize of \$100,000 for a successful idea.

PROMINENT PEOPLE.

King Christian of Denmark has just celebrated his eighty-sixth birthday.

It is announced that President Plaza of Ecuador will come to the United States soon.

Senator Quay at seventy years of age is full of vigor, and he often takes a six-mile walk.

The Pope has at last selected a cozy apartment in the Vatican as his special quarters.

Manuel Ito, the Japanese statesman, is an indefatigable reader of European and American literature.

Sir William H. ("Bull Run") Russell, dean of war correspondents, has just entered his eighty-fifth year.

Councillor Emil Maurice Marx is twenty-seven years old and the youngest mayor Brighton, England, ever had.

Robert M. McElroy, a professor of history at Princeton, is writing a history of Kentucky from the colonial days to the Civil War.

The Rev. Edward Fawcett was recently consecrated the third bishop of Quincy, Ill., in St. Bartholomew Church, Chicago, by Dr. Tuttle Bishop of Missouri.

The Rev. Dr. Daniel Henshaw, eighty-two years old, celebrated at Providence, R. I., the fiftieth anniversary of his rectorship of All Saints' Protestant Episcopal Church.

Senator Beveridge, of Indiana, was beaten in his examination for a cadetship at West Point by one-fifth of one per cent, his defective oral reading having turned the scales by this fraction against him.

A delegation of New Yorkers presented to Mayor McClellan the other day a photographic reproduction of the Democratic electoral votes for the State of New York of the year in which his father, General McClellan, ran for President.

Hail Twelve Inches Deep.

Welsh, La., Special.—A hail storm here Thursday afternoon lasted thirty minutes and was so thick that drifts 12 inches deep were formed against many buildings. All the glass in a passenger train was broken, about 50 per cent. of the windows of residences and business houses were shattered, and there was heavy damage to goods. There were six inches of water in the street. No news has come from the country, but it is feared that there has been a very heavy loss to rice farmers.

NEWS OF THE NORTH STATE

Items of Interest to People From Murphy to Manteo.

A Convict Shot.

Charlotte, Special.—Jim Boyd, a middle-aged negro who was serving a sentence for a deadly affray, was shot through the back and fatally wounded on Friday by William Owens, a guard, at the camp presided over by Capt. Little. The convict pretended illness at dinner on Friday, and pulled off his shoes as if to rest his feet. Shortly afterwards, he made a dash for liberty, and, unheeded of the cries to stop, was brought to the ground by a bullet from the Winchester rifle of Guard Wm. Owens. Afterwards he was brought to the county jail, where he died Saturday morning. A coroner's jury brought in a verdict attaching no blame whatsoever to Mr. Owens, and it was clearly shown that the man was outdistancing his pursuers and could have been stopped in no other way.

A Wreck Narrowly Averted.

Asheville, Special.—Three angle bars placed on the track at Gorman's bridge five miles west of Asheville, came near wrecking the fast west-bound passenger train No. 35, at 2 o'clock Saturday. The obstructions were distributed along the track and the engine passed over the first. Engineer Parrott shut off steam and reversed his engine at the first obstruction. When the second was reached the train had slackened its speed, and the engine rode the obstacles for some distance. It came to a stop just in time to prevent its striking a third obstruction. The escape from a disastrous wreck is due to the fact that the engineer had his train under excellent control. The point where the obstructions were placed is an unusually dangerous place.

Charlotte Man Killed.

Asheville, Special.—A fatal accident occurred at the works of the Balfour Quarry Company, across the river from Riverside Park, and about two miles from the city, at noon today, when a premature explosion of dynamite occurred, killing J. M. Allison, an employee, instantly. Mr. Allison, who came here some time ago from Charlotte, was engaged in tamping dynamite in a hole preparatory to setting off a blast. In some manner the cap at the bottom of the hole exploded and the flying stone struck the unfortunate man directly under the chin, tearing his head from his shoulders and terribly mutilating his chest. A distressing incident connected with the accident was the witnessing by the son of the father's death. The son was only a short distance from his father when the explosion occurred.

North State Notes.

The Secretary of State Monday chartered the Darlington Security Company, capitalized at \$6,000; the Arma Manufacturing Company of Marion, a drug concern, capitalized at \$5,000; and to the Farmers' Oil mill of Laurens county, capitalized at \$12,000.

A record breaking run was made in an automobile from Columbia to Newberry Sunday. Early that morning Miss McClellan left the College for Women received word that a relative at Newberry was quite ill. As there was no train at that hour, Miss McClellan, in company with Messrs. C. B. Miller and J. E. Richard, made the trip of forty-eight miles in exactly four hours. The run is considered remarkable considering the hilly country.

John P. Kerr, of the board of penitentiary directors, says the board has bought as an investment \$58,500 of penitentiary bonds, 4 per cent, paying for these \$61,425. Some of the bonds are bonds issued for the purchase of the farm, while others are bonds issued to pay the penitentiary debt.

Landrum had a destructive fire Tuesday night. The store of Hampton Bros. was burned. It is not known how the fire originated, but it caught from the interior. The general opinion is that the store was robbed and then set on fire and the flames were not discovered until the building was too far gone for anything to be saved. The building was owned by Mrs. Paul Bonar of Marion, Ala. Hampton Bros. had insurance on the store, though not enough to cover the loss.

Mr. James Meehan, a Columbia boy now with the Alderman Lumber concern at Acoolu, prevented safe crackers from getting in their work at that place Friday night and securing several thousand dollars. Two men secured work with the company about two weeks ago, as boiler makers. They worked steadily for about a week and then commenced making inquiries about the amount of money kept in the safe. They secured the assistance of one of the negro employees, but another negro who was approached, while pretending to enter into the scheme, gave it away to Meehan and the other white men. Friday night, after the money had been deposited in the safe, a guard was put out, and when the two white men and the negro came up with their safe-cracking tools, they were halted.

Monday afternoon at Manana, Clarendon county, under the court house portico, and while court was in session, Magistrate S. M. Youmans shot and instantly killed Lawyer John R. Keels. Youmans fired five shots, all taking effect, and immediately gave himself up to the sheriff. The quarrel was over a business transaction but details of the tragedy are lacking, the man slayer refusing to make any statement, and bystanders were too excited to talk rationally at the time.

TAR HEEL TOPICS IN PARAGRAPHS

Railroad Building.

A special from Morganton to the Charlotte Observer says: There is great activity in the line of railroad construction in the Wilson's Creek valley in Caldwell county. The Carolina & Northwestern Railway Company, which recently acquired the Caldwell & Northern, a narrow gauge line extending from Lenoir to Collettsville, a distance of 10 miles, is converting it into a standard gauge, and is building an additional 12 miles up Wilson's creek gorge to Carey's Farm. The W. M. Ruster Lumber Company, which owns the railroad from Cranberry to Pinola, in Mitchell county, has purchased the standing timber on a 42,000-acre tract on Wilson's creek from the Pomacaren Lumber Company, and is building a standard gauge road from Pinola to connect with the Carolina & Northwestern on Wilson's Creek Valley. In the meantime the East Tennessee & Western North Carolina Railroad, extending from Cranberry, N. C., to Johnson City, Tennessee, has become a standard gauge road between Johnson City and Elizabethton, so that, should this road complete the broadening of its gauge up Doe river gorge to Cranberry, and the Ruster people make their road standard between Cranberry and Pinola, there would be a through line from Chester, S. C., to Johnson City, Tenn., all standard width. Rumors have been current that some such plan was on foot, but railroad people fall tax on firm then, and say that there are physical difficulties that are practically unmountable, notably in the celebrated Doe river gorge. Another railroad rumor is to the effect that the Virginia Southwestern, owning a road extension from Butler, Tenn., through Bristol to Big Stone Gap, Va., and the South & Western, whose line runs from Johnson City, Tenn., to Spruce Pine, in Mitchell county, are trying to pool their issues with a view of making a connection between Elizabethton and Johnson City, and extending the road across the Blue Ridge to a connection with the Southern or the Seaboard Air Line. Both of these systems own large bodies of coal which they wish to transport to tide-water and to the great cotton mill centers of the Carolinas.

A Fatal Fight.

Wilkesboro, N. C., Special.—A fatal affray occurred on the Blue Ridge, near the Wilkes and Allegheny line Wednesday. Three young men named Keys were chasing with dogs some sheep belonging to Ferd Johnson, who went out to them with his shot gun. An altercation ensued in which Johnson shot at one of the Keys, who ran. Another of them caught his gun as he was trying to shoot again and in the struggle one of the Keys was cut with a knife by Johnson and died. Johnson was seriously cut by Keys, his stomach being partially laid open. He may die.

New Industry Near Asheville.

Asheville, Special.—Asheville is soon to have a new manufacturing industry to be known as the French Broad Granite Brick Company, with an authorized capital of \$50,000. A charter has been granted the corporation by the Secretary of State, and at a meeting of the incorporators Tuesday evening an organization was effected and the following officers elected: President and treasurer, Francis S. Cox; vice president, F. W. W. Graham; secretary, Duff Merrick.

Eighth District Convention.

Wilkesboro, N. C., Special.—The Democratic executive committee of the eighth congressional district met in the court house at this place for the purpose of appointing the time and place for the district Democratic convention. Every county was represented by the members of the county. Thursday, August 4th, was selected as the time and Wilkesboro the place, for the convention.

North State Notes.

The increase of the acreage in cotton at the penitentiary farm near Weldon is to be very great, from 1,300 to 1,800 acres. There is certainly a large increase in acreage in this section. Very little cotton has come up, and that stand much has not germinated. When it starts all will practically come up together, and this, a little later on, will increase the labor problem, as there will be quite a rush to secure labor, already so very scarce.

A charter is granted to The Argus Publishing Company at Lumberton, capital stock \$10,000. O. J. Peterson being the principal stockholder, to publish books and do general printing.

State Botanist General McCarthy has letters from the Great Chemical Manufacturing Company, desiring the bark of the cotton plant. Prices have been raised, and it is now 20 cents per pound. Mr. McCarthy says that farmers are simply throwing away money by their failure to utilize the bark. By pulling up the cotton plants and getting off the bark they can dispose of the latter at a high figure, and then, by burning the plant in heaps, they get rid of a great many insects which do damage to the crops, so that in every way the operation is very profitable.

A WIRELESS SYSTEM

Greensboro, N. C., Man Has Worked Our Scheme

PLAN IS ONE OF GREAT SIMPLICITY

It Will be Fully Tested at the State Normal College—Said to be Wonderfully Simple.

Greensboro, N. C., Special.—A Greensboro man, in the person of Prof. William Hammel, instructor of science at the State Normal and Industrial College, has invented a wonderfully simple and practical wireless telegraphy system. It is a simple but ingenious device, which has been tested at the Johns Hopkins Hospital at Baltimore, and found to be perfect in every respect in sending and receiving messages. The wireless system will be installed at the Normal College, and messages from one building to another will be flashed back and forth through walls, doors and all other hindrances, to test the strength and efficiency of the system. It has been tried already and proved successful, but Prof. Hammel intends to elaborate his test by establishing a regular system of wireless telegraphy. The students themselves are showing a great deal of interest in this wonderful invention and are assisting Prof. Hammel in his efforts.

Site for the Kaiser's Gift.

Washington Special.—It has been permanently decided that the replica of the statue of Frederick the Great, which the Kaiser has given to the American people, is to be placed in a prominent position in the grounds of the war college, commonly known heretofore as the Washington barracks. The statue will be unveiled November 20 with appropriate ceremonies, in which the President and Baron Speck von Sternburg, the German ambassador, will take part. The ambassador will be the immediate representative of the German Emperor, who is expected to send a letter to the President to be read at the unveiling, making the tender of the statue as a gift to the people of the United States. Sites have been selected in the college grounds for six military heroes of the world, and this of Frederick the Great is the first to be provided for.

Applications for Pensions.

Washington Special.—Although the recent order constituting the age limit of 62 years as evidence of physical disability in granting pensions has been in effect barely three weeks, the Pension Office has already been swamped with applications under it. Up to Saturday the number of applications filed had reached a total of 11,000, and they are still rolling in at the rate of several thousands a day. One reason for the haste in filing applications is that although the payment of the pensions may not begin for several months, they actually date from the time of filing, and the accrued pensions will be paid in a lump when the certificate is issued. The minimum pension under the order is \$6 a month, which covers the 62 year limit, and ranges up to \$12, according to age above that limit.

Henry Wiedner in Jail.

Cincinnati, Special.—Henry Wiedner, president of the German National bank of Newport, Ky., is in jail for safe keeping. He lost his fortune through the speculations of Cashier Frank Brown, who has been in Honduras since wrecking the bank. President Wiedner has been acting queerly for some time.

Business Portion Destroyed by Fire.

Paris, Tex., Special.—The business portion of Deport, twenty miles southeast of Paris, near the line of Red River

THE CAUCASIAN

Raleigh, N. C. May 12, 1904

Entered at the Post Office in Raleigh, N. C., as second-class mail matter.

FROM OUR EXCHANGES.

Some Squibs of Interest we Have Gathered With our Past-Pot and Shorn.

Mr. Cleveland might be more active in politics if he did not have to give so much time to rewriting and revising the history he helped to make.—Washington Post.

Democratic Temperance.

The Watts law is not proving to be as effective as we should like in this section. The boys say they get all they want, all the difference is, it costs a little more.—Raleigh Post.

A Star Act for Temperance.

While the special investigating committee is looking into the affairs of the Atlantic and North Carolina railroad, they ought to have the summer bar-room cut out of the Atlantic Hotel, which the State runs. It is a shame and a disgrace to the State that a special act of the Legislature was passed to allow liquor sold at that place, when the people of that town do not want it there. Common justice demands that the bar-rooms be cut out.—North Carolina Baptist.

Remember this was the Democratic temperance legislature which passed the "special act" to put this barroom in the hotel which they had bought for the State. This was to give the 35 "local attorneys," the "kitchen cabinet" and other such prohibition workers free liquors along with their free dining after taking their free ride over the State's railroad to take a rest in the sea breezes after their arduous labors trying to save the country people from the drink habit. The establishing of this barroom is, indeed, another star act of the Democratic party for temperance.—Union Republican.

BRIEBRY CHARGED AGAINST HEART MANAGERS.

Great Bitterness in Indiana Conventions.

Free for all fight in one county.

Indianapolis, May 7.—Democratic conventions held today for the purpose of selecting delegates to the state convention, on May 12 were characterized by great bitterness and open charges were made against the Heart managers of attempted bribery. In St. Joseph county the Parker men selected a solid delegation and in Warren county the Heart men secured a signal victory after a contest which nearly ended in a riot. In the Tippecanoe county convention both factions selected delegates and blows were exchanged in an effort to prevent one list of delegates from being passed up to the chair.

From the speakers stand, D. W. Sims stated that an agent of Heart offered him the nomination for governor and \$25,000 for the expenses of his campaign if he would take the lead of the Heart forces of Indiana. Sims said he came to this city for a conference and had a talk with the Heart managers. They agreed, said Sims, to deposit in the Indiana National bank the following day \$200,000 subject to his check for use in the campaign and would ask no report as to how the money was used.

The gubernatorial proposition was made at this time. Mr. Sims turned down the whole proposition.

An Affray in the Yarrowburgh House.

On Friday afternoon Capt. W. H. Day and Mr. E. E. Britton, of the editorial staff of the News & Observer, had an affray in the Yarrowburgh House in this city. From what we can gather the facts are as follows: Capt. Day went into the hotel and walking up to the cigar stand asked for a cigar. Mr. Britton spoke to Capt. Day, whereupon Capt. Day used a warm expression and told him not to speak to him and that the News and Observer's abuse of him had to stop. Mr. Britton started for Capt. Day but was held at bay by a stick wielded by Capt. Day. They were parted by gentlemen in the hotel lobby. Mr. Britton swore out a warrant for Capt. Day. The case was to have been heard in the Mayor's court Saturday morning but Capt. Day waived examination and gave a \$50 bond signed by many prominent business men of Raleigh, for his appearance at the next criminal term of Wake county.

Capt. Day was one of the Attorneys for McBee and Finch in the A. & N. C. Receivership and "Conspiracy" proceedings and is now atorney for Mr. Cuyler who has asked for a receiver for the road. The trouble grew out of the News and Observer's abuse of Capt. Day as attorney for these gentlemen.

Texas Politician Murders Two Wealthy Merchants.

Luling, Tex., May 7.—S. M. Nixon, one of the Democratic leaders of the state, member of the Democratic executive committee and a wealthy banker, this morning shot and killed Robert W. Malone and Col. John Wesley, both wealthy merchants of this place.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens again,'" writes D. H. Turner of Dempsytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at any Drug Store.

JUDGE PEEBLES AND THE LUMBERTON BAR.

The Lawyers Summoned to Appear at Fayetteville Saturday and Explain their Charges Against him.

Fayetteville, N. C., May 10.—Judge Peebles has issued his rule. It was sent to the sheriff of Robeson county today, to be served on the eleven members of the bar who were present at its meeting when it was decided not to set a calendar for the approaching term of court, and cites them to appear before him at Cumberland superior court on Saturday, the 14th instant, and show cause why they should not be punished for contempt.

His honor puts it up to them, in that the rule also requires them to answer, under oath, when and how he has shown discourtesy or been unfair and partial, and to say just what he had done in the trial of the Haywood case. Much interest is manifested in the proceedings, and it is said that some of the biggest papers in the country will handle the story.

[Note.—It will be remembered that when Judge Peebles last held court at Lumberton, Robeson county that the local bar refused to make up a calendar. Judge Peebles considered this contempt of court and the above is the outcome.]

If the Baby is Cutting Teeth.

Be sure and use that old well-tried remedy, Mrs. WISLOW'S SOOTHING SYRUP, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhea. Twenty-five cents a bottle.

A Mother's Tragic Death.

Norfolk, Va., May 9.—Mrs. Kate Dorman was drowned in Lynn Haven river yesterday afternoon. She could have been saved, but begged John Williams, colored, who came to her assistance, to save her boy, which he did. A fractious mule caused the woman's death.

Mrs. Dorman, with her sisters and Mrs. Dorman's two-year-old son, were driving over the bridge in a carriage drawn by a mule. On the bridge the animal balked and backed the vehicle and its occupants into the river. John Williams was fishing some distance away and went to the rescue. He succeeded in saving Mrs. Kuhn and Mrs. Land, and was attempting to rescue Mrs. Dorman. She saw her boy struggling in the water and implored the negro to leave her and save the boy, which he did. Before the boat could return Mrs. Dorman had drowned. The mule was drowned, too.

James Dorman, husband of the drowned woman, later lived for the body and recovered it.

A STARTLING TEST.

To save a life, Dr. T. G. Merritt, of Mo. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c. at all Druggists.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

FRISCO SYSTEM TO GUTHRIE.

TWO TRAINS DAILY.

The Capital of Oklahoma is now reached via the Frisco System 3:30 p. m. train from St. Louis; the 10:40 a. m. train from Kansas City, arrive at Guthrie 8:05 a. m.; 10:00 train from St. Louis; the 11:30 p. m. train from Kansas City arrives 8:15 p. m. The return service to the North and East is equally convenient.

On this new line of railway, thirty-eight miles distant from Chandler, the following stations are located, viz.: Lowe, Dedley, Merriek, Iconium and Taylor. The extensions opens a new field in fertile Oklahoma, offering golden opportunities to those seeking homes or investment.

In purchasing tickets, avail yourself of the shortest and quickest route from St. Louis or Kansas City—Frisco System.

THE MEREDITH CASE.

Drew His Pistol to Shoot Master Mechanic Green—Pardoned by the Governor.

A few weeks ago Mr. George W. Meredith, an engineer on the A. and N. C. road, was suspended from work. A few days later he walked into the office of the master mechanic and drew a pistol on him and threatened killing the master mechanic if he was not put back on the road. Mr. Meredith was tried in court and sentenced to 10 days in jail for an assault with a deadly weapon. The Governor was in the western part of the State at the time, but upon application by the defendant's counsel the private secretary of the Governor stayed the sentence for 30 days so Mr. Meredith would not have to go to jail until the Governor could hear the case. The Governor heard the case and pardoned Mr. Meredith, and Mr. Meredith is now running as engineer on the road.

The following is from the Wilmington Star of April 17th, before the Governor pardoned Mr. Meredith:

"Persons who arrived yesterday from New Bern told of a most unusual incident in the superior court there before Judge Ferguson Friday. Capt. George Meredith, an engineer in the employ of the A. and N. C. road, was recently suspended by order of Master Mechanic Newlands. The engineer, chafing under the suspension, went to the A. and N. C. officials, and at the point of a pistol demanded of the master mechanic that he revoke the order upon penalty of being shot. Superintendent Dill came out about that time, and the enraged engineer was dissuaded from his evident purpose to do Mr. Newlands harm. Subsequently he was indicted for an assault with a deadly weapon and convicted at last week's term of court in New Bern, being sentenced to ten days' imprisonment by Judge Ferguson. The sentence was to become effective Friday, and on that day Captain Meredith appeared in court with his attorney. A. D. Ward, Esq. When the sentence was about to be put into execution, imagine the consternation of Judge, solicitor and court attendants when a reprieve from Governor Aycock was read, giving the man forty days immunity from punishment until the chief executive can inquire into the case."

A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's new cure for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by all Druggists. Trial bottles free. Reg. sizes 50c, \$1.00.

Death of a Prominent Wake Citizen.

Mr. H. H. Knight, ex-treasurer of Wake county and a prosperous and well known farmer, died Saturday afternoon at his home nine miles from Raleigh. When the funeralist carried the county in 1894 he was elected treasurer and re-elected in 1896. At the county convention a few days ago, he was elected one of the delegates to the Republican State Convention.

Paris, May 11.—(Wednesday)—

The Martin's St. Petersburg correspondent says it is persistently rumored that there has been a big fight near Mao-Tien-Ling pass between the Russians and General Kuroki's army. The Russians, he says, lost heavily, Lieutenant General Sassalitch being among the killed.

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nerve Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nerve. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nerve to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe, find instant relief by getting a bottle of Dr. Miles' Nerve. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain,

—Max George B. Hall, Jackson, Tenn.

All druggists sell and guarantee first bottle of Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Cotton Must Have

Potash

Potash is an essential plant food which must be added as a fertilizer or the soil will become exhausted, as is true of so many cotton fields.

We have books giving valuable details about fertilizers. We will send them free to any farmer who asks us for them.

RADIOS RADIOS RADIOS

Stupendous offer made by a well-known Philadelphia firm.

RADIOS RADIOS RADIOS

Thousands of persons in all sections of the country have been healed by this wonderful discovery.

DEAR FRIENDS:

Don't read this advertisement if you expect to get something for nothing, because you won't. We have a good article and we want money for it. Be sensible.

If you had something that was worth a dollar would you give it free? When you read an advertisement where you get something for nothing, that something is either too good or else they are up to some "dime" game.

We are not running a patent medicine business, so rest easy on that subject.

We do not know the word failure—never have and never will. The educated and higher classes are the ones we want to reach. We reach men and women in all walks of life. Men and women, who to-day are before the public as national characters have our confidence and the benefit of our experience. It is a 10th century product, one that will be more appreciated the more it is tried.

"Fresh from the bath and as good as she looks." This old saying describes our clients to a T. We have a VITALIZER—not a patent medicine. It tones the system, centralizes weaknesses of all descriptions—makes an even temperature all over the body and in fact it makes a new man and woman. Radios will within a few years be a part of every hospital and surgical institution of our land. No germ can stand the force of contact with this new discovery. Rheumatism and debility flee before it. The mighty force of the turbulent waters of Niagara, in comparison with this new product as an old fashioned CANDLE is to RADIUM.

One person writes, "Why did not some one discover it before?"

Another says, "So simple, it is hardly credible."

From the far West comes the unsolicited response, "A God-send to humanity."

Walcott Christie, of New York, the well-known author, says, "My success in a great measure is due to 'Radios.'"

Weakness of certain organs is responsible for all diseases. We build up your system so that a disease is an impossibility. If your digestive organs are out of order, if your blood is impure, if you can't sleep, eat or attend to business, I will cure you and guarantee to do so. I will give you a written guarantee. Could you ask anything more?

"RADIOS."

RADIUM RADIUM RADIUM

Delight your friends, astonish relatives, and make wonderful experiments with this new metal—RADIUM SULPHIDE of Zinc activity 500,000, mgr. or 800,500. We give you this as a present when you order "RADIOS," this alone is worth several dollars of a man or woman's money. Acts the same as X rays. Simply wonderful. REMEMBER THIS IS A PRESENT.

OFFER OFFER OFFER

RADIOS CO., 812 Drexel Building Philadelphia, Pa.

Enclosed find one dollar for which send me a treatment of "RADIOS," in a plain sealed wrapper and also one Radio Sulphide of Zinc activity.

If I am not entirely satisfied and if I am not cured you agree to REFUND the money and ONE DOLLAR EXTRA for my trouble. You are to send me a written contract to that effect.
